SUMMARY

- * Front-End Development: Angular 14, HTML5, CSS3, TypeScript, RxJS, Responsive Design
- * API Integration: RESTful APIs, Data Transformation, Error Handling, Caching Strategies
- * Performance Optimization: Lazy Loading, RxJS, Lifecycle Hooks
- * Version Control: Git, GitLab, SVN
- * Tools: VS Code, Chrome DevTools, Postman
- * Soft Skills: Communication, Collaboration, Problem-Solving, Teamwork

EXPERIENCE

Software Engineer / Operations Role

****Digiboxx Technologies and Digital India Private Limited****
02/2025 – Present

- * Worked on file and folder management operations including merging files and directories efficiently.
- * Ensured data organization, consistency, and proper structuring of digital assets.
- * Collaborated with team members to streamline file-processing tasks.

Front End Developer

****ICT Infracon****
06/2022 – 02/2025 | Bangalore, India

- * Developed and maintained dynamic web applications using Angular.
- * Designed reusable components, directives, and services.
- * Integrated REST APIs for frontend-backend communication.
- * Collaborated with UI/UX teams for responsive design.

PROJECTS

Library Data Collection System (SATS)

- * Built a system to manage book inventory, issue/return, and logs.
- * Implemented barcode scanning and automated fine calculation.

University Management System (Primus B School)

- * Developed Student & Teacher Management modules.
- * Built LMS for course access, assignments, and tracking.
- * Implemented Fee Management System.

Coffee Board of India

- * Developed Seed Supply Module using Angular.
- * Enabled order placement, tracking, and notifications.
- * Improved performance using RxJS and lazy loading.

EDUCATION

****Master of Computer Application (MCA)****
Roland Institute of Technology (2019 - 2021)

****Bachelor of Computer Application (BCA)****
Berhampur University (2016 - 2019)

SKILLS

Angular 14 | HTML5 | CSS3 | TypeScript | RxJS | JavaScript | REST APIs |
Responsive Design

STRENGTHS

- * Communication
- * Collaboration
- * Problem-Solving

KEY ACHIEVEMENTS

- * Developed Coffee Board of India seed supply module.
- * Built robust university management and examination system.
